

Are you challenged by the transition to teaching mathematics in an online medium?

Have you considered using the TQE Process to support learning in a remote setting?

In this motivating session, you will learn strategies for engaging students in productive mathematics tasks uniquely selected for this session. You will explore these new tasks, develop targeted questions, and anticipate student responses as you prepare to support discourse and provide scaffolding to facilitate effective instruction in remote learning environments. The included tasks – specific to grade band sessions – will be new ones.

MONDAY AUGUST 3 9:30 - 11:00 AM

GRADES K-2

with Thomasenia Lott Adams

@TLAmath

TUESDAY AUGUST 4 9:30 - 11:00 AM

GRADES 3-4

with Juli Dixon

@thestrokeofluck

WEDNESDAY AUGUST 5 9:30 - 11:00 AM

GRADES 5-7

with Ed Nolan

@ed_nolan

THURSDAY AUGUST 6 9:30 - 11:00 AM

SECONDARY

with George Roy

@georgejroy
